

CONNECT Group Study Guide: Knowing God.

There is a great onslaught on Christianity. Those who hold traditional biblical views about morality are now ridiculed as archaic and uninformed. Redefinition of marriage, tolerance which really is intolerance to Christian views and tenets, atheism and evolutionary science all seem to be relegating Christian faith to obscure corners of society.

This may come across as a new phenomenon but really there is nothing new under the sun. Mankind seem to have a propensity to rebel against all things godly but there is an undeniable truth in all of us, that is; God has made everything fitting in its time, but has also placed eternity in the hearts of men, without enabling them to discover what God has done from beginning to end. I know that there's nothing better for them than to enjoy themselves and do what's good while they live. Moreover, this is the gift of God: that all people should eat, drink, and enjoy the results of their hard work. I know that whatever God does will last forever; it's impossible to add to it or take away from it. God has done this so that people are reverent before him." (Ecclesiastes 3:11-14 NKJV)

In a world where evil and everything that goes against God seems to thrive, it is important that we as Christians know our God and become fully convinced of what we believe.
