

## Connect Group Study Guide: Wells Of Refreshing And Healing.

---

The Holy Spirit should be present in the life of every follower of Christ in an ever increasing measure. He should be like rivers of living water flowing from the heart of every believer. A Christian is meant to be a temple, that is, a building devoted to worship and a dwelling place for The Holy Spirit of God. He/she is meant to be consecrated; set apart for the purposes and glory of God. A life yielded to God in this manner will be a wellspring of refreshment and healing for many. The body of Christ, the Church, is also meant to be like this; a place from where rivers of living water flow bringing healing and refreshment to all who are in contact with it.

The Lord is stirring us up as a church, urging us to prepare ourselves for a special visitation, He is calling us to prepare the way for Him and it is my prayer that we hear the voice of The Lord and respond.
